

# GOD HELPS JOB

**Job loved God. He had a great family, servants, and lots of animals. But our enemy, Satan, attacked Job. Job lost everything. No matter what happened, Job chose to love God.**

**God didn't forget about Job.  
God healed Job and gave  
him more servants and animals than  
he had before.**

**God even gave Job ten more kids. God  
is good, and He can turn things  
around.**
